

HellasLab

The Professional Committee of HellasLab

“The contribution of HellasLab and the accredited laboratories to the development of the Country”

Athens, February 12, 2020

**Nissim Benmayor
Vice Chairman of HellasLab**

Tasks

- Elaboration of proposals to the relevant Ministries and other bodies, on matters of interest to the members of HellasLab
- Elaboration of proposals for actions of HellasLab, aiming to the support of laboratories

Members

- All members of HellasLab may participate in this Committee

Matters of interest

- Recognition of the role of accredited laboratories in the quality assessment procedures
- Promote the participation of accredited laboratories in the public procurement procedures (acceptance of whether the products fulfill the technical requirements)
- Formulate proposals for state-to-the-art technical specifications for public procurement and public works
- Enhancement of market surveillance
- Participation in research programs
- Timely transposition of European Technical Legislation

Actions aiming to the support of laboratories

- Financial support through European programs for the replacement of laboratory equipment
- Participation in technical groups for standardization and accreditation issues
